

# Take Me (Song Parody)

Words - Vin Distefano  
Music - Lennon & McCartney

Take Me, I need a vacation, Take Me, a west coast vacation

Take Me, or I'll change the station, Take Me!

When I was listening to NBC today

I thought I heard Howard say he's going to L.A.

If I could write "good" and impress him wit dis song

I think that I could win and get to tag along.

Chorus

Take Me to that pool-side sunshine now

Though I might need a job when I get back in town.

Take me, let me hang with all you clowns

Won't you please, please Take Me?

It seemed unfair when you said Bruce can't come to play.

Who'll beat off all the girls that bother you all day?

And if some influential people come to see,

Maybe you'll land that deal and wind up on TV.

Chorus

Take Me to that pool-side sunshine now

Though I might need a job when I get back in town.

Take Me, let me hang with all you clowns

Won't you please, please Take Me? Take Me, Take Me!...oooooo
