

(We All Just Might) **Go Away**

words and music
Vin Distefano

I've seen in my lifetime

Too many people cry.

-

Chorus

While others close their eyes

Hoping it might

Go Away, Go Away, Go Away out of sight.

We've all heard stories of

Kids needing to be loved.

(Chorus)

Nightly reported news, the mornings front page blues.

We're all the same, no one's to blame.

Maybe it's just a dream...

To live in harmony.

Chorus

-

But if we close our eyes

We all just might

Go Away, Go Away, Go Away out of sight.
