

I'm Determined

words and music
Vin Distefano

You know it's true that I really love you.

And it's true, I want you to be mine

Chorus

- *Don't you know, he doesn't love you*

And I'm Determined to change your mind?

Can't you see the way he treats you.

Are you immune or are you blind?

Chorus

Think about the times you've spent at home.

Do you really think he was alone?

A spark is all I need to make you see

Your flame will burn in me eternally. Ooo, my, my...

(break)

Think about the times you've spent at home.

Do you really think he was alone?

A spark is all I need to make you see

Your flame will burn in me eternally. Ooo, my, my...

You know it's true that I really love you.

Take a chance and say you'll be mine.
